RESULTS

Clinically-proven to reduce dark spots in as little as six hours*

*Based on a 2-week clinical and consumer study of 30 participants. Results may vary.

96% agreed the product was gentle enough for daily use

97% agreed dark spots were less visible

86% agreed that it reduced the appearance of hyperpigmentation

HOW TO APPLY

Multi-active brightening technology.

Step 1:
Clean and dry the area where you wish to apply the patch.

Step 2:
Apply a patch, gel-side down, to a dark spot. Gently press into the skin for 5-10 seconds.

Step 3:
Wear overnight or for at least six to eight hours for best results.

Step 4:
Apply Faded Brightening Serum all over the face every night for faster results.

KEY INGREDIENTS

A multi-pathway blend of brightening + calming actives that visibly fade dark spots.

1. Kojic Acid
   Antioxidant that helps even skin tone and reduce the appearance of dark spots
2. Tranexamic Acid
3. Niacinamide
4. L-Absorbic (Vitamin C)
5. Boerhavia Diffusaroot
6. Extract

Skin type: Dry
Skin shade: Light
Skin concerns: Dark Spots, Dryness
Age: 18-24
Product use: Once a day

★★★★★

These patches got rid of my dark spots in a week's time; the only thing is, you have to be consistent, every morning or every night. i prefer to put them on before bed .
