Fragrance Family: Amber Vanilla

Key Notes: Warm Benzoin Resin, Caramel Accord, White Musk

About the Fragrance:

Prada Candy Eau de Parfum is a playful and sophisticated oriental gourmand scent masterfully created by perfumer Daniela (Roche) Andrier and introduced in 2011. The sweet and slightly addictive feminine fragrance embodies the multiple facets of every woman's personality: ingenious, free-spirited, and always true to herself and others.

Fragrance Description:

Prada Candy Eau De Parfum is an Amber Vanilla perfume for women. The unexpected olfactory journey begins with top notes of silky white musk, followed by a generous dose of rich benzoin resin, and concludes with base notes of sweet caramel accord and vanilla. Prada Candy EDP is a great date night fragrance, perfect for cooler nights. Prada Candy Perfume is perfect for Fall and Winter season due to its warm notes. The higher fragrance concentration of the eau de parfum allows for this sweet fragrance to linger longer.

The Bottle:

The Prada Candy perfume bottle is as bold, unconventional, joyful, and free-spirited as the scent within. It embraces an unexpected mix of colors and finishes with a dynamic take on one of Prada's signature codes. A band of shocking pink Saffiano bears the refined Prada logo in sleek gold lettering, while the pump, perched on its golden neck like a shiny black half-moon, is the striking finale to the perfume bottle. This unique perfume bottle can be engraved to make it even more unique.

Nice sweet staple

This is a nice fragrance and I would consider a safe blind buy. This does smell a bit younger, and girlier, but it's flirtatious and fun. It's a very nice staple scent I used up a whole bottle of it but as I get older I think it's time to move on. Not the most unique but you'll still get compliments!

I have used this perfume for years and I always get compliments! Candy is a great name - it smells very sweet instead of the typical floral scent. I definitely recommend if you're looking for a different type of smell.

Refillable bottles not a good buy

Vivian

Got the refillable big bottle and it's very difficult to spray, is as if something was missing during packaging. When you try to spray it leaks all over and it ordered it directly from here, thinking I will get the best but not. Scent is good no doubt! But I can't spray it without wetting my clothes and floors wasting precious parfum

This is by far one of my favorite perfumes by Prada. It's sweet creamy and last all day the scent is like something you've never smelled before and you can wear it all year long. There is no alcohol smell just pure beauty. I absolutely recommend this sentence if you like to smell edible
